LinkedIn: LinkedIn | Portfolio: Portfolio | GitHub: https://github.com/bwater47

Full Stack Web Developer utilizing the MERN stack with a background in banking. Takes pride in looking for opportunities to enhance existing processes and establish better ways of doing things. Customer-focused and a collaborative individual who can work in fast-paced environments while adhering to high standards and expectations.

TECHNICAL SKILLS

Languages | HTML, CSS, JavaScript, TypeScript

Libraries | jQuery, APIs, GraphQL, Handlebars.js, Redux

Frameworks | Express.js, React.js, Next.js

Data Science | Time Complexity, Data Structure

Tools | GitHub, Git Bash, VS Code, Bootstrap, Flowbite, Tailwind CSS, ORM, Node.js, OOP, Insomnia, PWA, MongoDB, Mongoose, Vite, Render, Heroku, Netlify, AWS

Databases | MongoDB Atlas, PostgresSQL, NoSQL

Architecture | Model-View-Controller

PROJECTS

Pokedex | Live Demo

Summary: Developed a full-featured Pokedex web application that retrieves and displays detailed Pokemon statistics through third-party API integration, featuring randomized Pokemon and joke generation alongside a persistent favorites system.

- Role: Favorites Page, UI Refinement, and Documentation (README.md)
- Tools: HTML, CSS, Tailwind Flowbite, JavaScript, APIs

Active Peak | Live Demo

Summary: Built a fitness-tracking platform with secure user authentication and authorization, enabling users to create, name, and save custom workout routine templates to their profile for future reference.

- Role: Project Manager, Slideshow Design, Back-End & Front-End Development, Image Integration, QA Testing, UI Refinement, and Documentation (README.md)
- Tools: HTML, CSS, Tailwind Flowbite, JavaScript, APIs, Express, OOP, ORM, Handlebars, PostgreSQL, Model-View-Controller, Render

Tweet Code | Live Demo

Summary: Engineered a mobile-first social platform designed to foster community engagement among developers through an intuitive, user-centered interface and streamlined content sharing.

- Role: Project Manager, Front-End & Back-End Development, Slideshow Design, Image Integration, and Documentation (README.md)
- Tools: HTML, CSS, Tailwind, ChakraUI, JavaScript, React, GraphQL, Vite, Stripe

EXPERIENCE

Walgreens, Shift Lead, Salt Lake City, UT **July 2025 - Present**

Lead daily store operations with a focus on efficiency, team coordination, and exceptional customer experience. Oversee photo lab operations, warehouse organization, inventory stocking, pricing accuracy, and front-end support during peak hours.

Key Accomplishments:

- Maintained a clean, organized storefront and backroom, ensuring 100% compliance with corporate merchandising and safety standards.
- Delivered outstanding customer service; recognized by management for de-escalating complaints and turning challenging interactions into positive outcomes.

Code Ninja, Coding Instructor, Salt Lake City, UT **Jan 2025 - Jun 2025**

Taught foundational JavaScript programming to students in grades 1-6 through a hands-on, project-based curriculum, adapting instructional methods to accommodate a wide range of ages and skill levels.

Key Accomplishments:

- Designed and delivered engaging, age-appropriate JavaScript lessons that translated complex programming concepts into accessible, hands-on activities for elementary and middle school students.
- Cultivated problem-solving skills and computational thinking in young learners through interactive coding exercises and project-based instruction.

Enolve, Junior Software Intern, Remote, OK **June 2024 - Dec 2024**

Led a complete website transformation project, converting the company's existing website to a new framework while maintaining full functionality.

Key Accomplishments:

- Successfully migrated the entire website structure while ensuring zero disruption to business operations.
- Collaborated with developers to implement best practices in the new framework.

EDUCATION

Full Stack Web Development – University of Utah Coding Bootcamp

Certificate of AI Applications and Prompt Engineering – eDx Verified Certificate

- Utilized LangChain framework to build AI-powered applications, integrating code generated by ChatGPT for efficient development.
- Gained practical skills in AI technology, applying AI for task completion, information retrieval, and creative projects.
